In the past fifteen years Lydia has adjudicated Australia wide and is both a fair and encouraging judge experienced in a variety of dance genres. She prides herself on promoting a love of dance and the importance of developing good technique in order to execute steps safely and correctly. Friendly, firm and fast are words often used to describe her adjudicating style and as a result Lydia is a popular dance judge and teacher all over Australia.

**Moe Dance Eisteddfod**  
**Anna McKenzie - President**  
**April 2015**

*Lydia adjudicated at our 2015 eisteddfod. We found her to be very professional in her adjudicator's role. She provided the dancers with constructive, positive advice/feedback in her critiques whilst announcing her adjudicated placing's.*

*Lydia was very knowledgeable in all the genres she adjudicated and this clearly came through in her critiques. I would recommend Lydia for future positions as an adjudicator.*
